

SAFETY | SECURITY | RELIABILITY

Digital VOLTAGE STABILIZER

WITH LATEST MICROPROCESSOR IC BASED

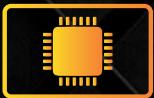

**ANESE
TECHNOLOGY
FIRST TIME IN INDIA**

Amplifier / DJ Mainline Voltage Stabilizers

SPIKE
PROTECTION

DIGITAL
PROCESSOR

OVERHEAT
PROTECTION

OVERLOAD
PROTECTION

INTELLIGENT TIME
DELAY SYSTEM

SURGE
PROTECTION

Stabilizers for DJ / PA Systems

SAFETY | SECURITY | RELIABILITY

Model No.	: LPS-190PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 90-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 1 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Model No.	: LPS-1130PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 130-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 1 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Stabilizers for DJ / PA Systems

SAFETY | SECURITY | RELIABILITY

Model No.	: LPS-290PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 90-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 2 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Model No.	: LPS-2130PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 130-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 2 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Stabilizers for DJ / PA Systems

SAFETY | SECURITY | RELIABILITY

Model No.	: LPS-390PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 90-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 3 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Model No.	: LPS-3130PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 130-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 3 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Stabilizers for DJ / PA Systems

SAFETY | SECURITY | RELIABILITY

Model No.	: LPS-590PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 90-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 5 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Model No.	: LPS-5130PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 130-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 5 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Stabilizers for DJ / PA Systems

SAFETY | SECURITY | RELIABILITY

Model No.	: LPS-890PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 90-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 8 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Model No.	: LPS-8130PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 130-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 8 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Stabilizers for DJ / PA Systems

SAFETY | SECURITY | RELIABILITY

Model No.	: LPS-10090PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 90-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 10 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Model No.	: LPS-10130PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 130-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 10 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Stabilizers for DJ / PA Systems

SAFETY | SECURITY | RELIABILITY

Model No.	: LPS-12090PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 90-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 12 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Model No.	: LPS-12130PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 130-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 12 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Stabilizers for DJ / PA Systems

SAFETY | SECURITY | RELIABILITY

Model No.	: LPS-15090PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 90-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 15 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

Model No.	: LPS-15130PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 130-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 15 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

— AUTOMATIC SERVO TYPE — VOLTAGE STABILIZER

SPECIALLY DESIGNED FOR

SOUND SYSTEM, LED SCREEN, TREADMILL, MEDICAL EQUIPMENTS &
CNC MACHINES

WORKS ON OUTPUT VOLTAGE - $225V \pm 5\%$

Model No.	: LPS-20130PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 130-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 20 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

DIGITAL METER WITH AMPERE METER & MULTIPLE SOCKETS

— AUTOMATIC SERVO TYPE — VOLTAGE STABILIZER

SPECIALLY DESIGNED FOR

SOUND SYSTEM, LED SCREEN, TREADMILL, MEDICAL EQUIPMENTS &
CNC MACHINES

WORKS ON OUTPUT VOLTAGE - 225V ± 5%

Model No.	: LPS-25150PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 150-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 25 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

DIGITAL METER WITH AMPERE METER & MULTIPLE SOCKETS

— AUTOMATIC SERVO TYPE — VOLTAGE STABILIZER

SPECIALLY DESIGNED FOR

SOUND SYSTEM, LED SCREEN, TREADMILL, MEDICAL EQUIPMENTS &
CNC MACHINES

WORKS ON OUTPUT VOLTAGE - 225V ± 5%

Model No.	: LPS-32150PA
Category	: Stabilizer For DJ Systems & Other Special Application
Application	: DJ Music System & Special Application
Input Working Range	: 150-280V
Output Voltage	: 200V - 250V (From Input 100V)
Capacity	: 32 KVA
Display	: Digital Display
Delay	: Instant
Protection	: High-Low Cut Off & Overload Protection

DIGITAL METER WITH AMPERE METER & MULTIPLE SOCKETS

Products marketed
under the brand name
'Livpower' are:

LED TV

Digital Voltage Stabilizer

CFL INVERTER

Washing Machine

Induction Cooktop

Solar UPS

Solar Inverter

PVC Wire

E-Riksaw Charger

SAFETY | SECURITY | RELIABILITY

LIVPOWER INDUSTRIES INDIA PVT. LTD.

Manufacture for Automatic Voltage Stabilizers, Solar DC Inverter,
Battery, Led TV & PVC Wires

ADDRESS :- BLOCK: H, 1433 DSII DC INDUSTRIAL AREA NARELA DELHI - 110040

For Corporate Enquiries : +91 7011943712
